***Examiners Amendment***

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

2. The application has been amended as follows:

**Claim 1** lines 33 and 34 the phrase "first contact means (A2) between said radial wall and said end plate" has been changed to – said radial wall contacting said end plate (6) at a first contact means (A2)—

Lines 34 and 35 the phrase "second contact means (A3) between said cylindrical wall and said clutch hub (2)" has been changed to – said cylindrical wall contacting said clutch hub (2) at a second contact means (A3)—

Line 36 "said contact points" has been changed to – said first and second contact means--.

3. The following is an examiner's statement of reasons for allowance: the changes made to claim 1 have been made to overcome a 112 second paragraph problem on line 36 ( "points" has been changed to –means--) and to avoid a 102 rejection over the prior art of figures 2. As applicant claimed in the amendment the first and second contact means could be said to exist in figure 2a in the area of 28.2 and A1 which, if interpreted broadly, would still read on applicant's claim as amended Nov. 19, 2004.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
